Easter

In your Holy Name, Lord God, we offer prayers of Thanksgiving for making Heaven known to us in Jesus...in his life, and the constancy of his love, and...especially on this Glorious Easter Morning, when we are even more mindful that, because of Jesus, we learned that the Kingdom of God is within.

And as we greet this very special Easter morning, may we have a new resolve to do all we can to take seriously what Jesus took seriously, to manifest God's Way of Love in all we do...in all we say...indeed...in all we think. Yes...they will know we are Christians by our Love.

May this Easter Joy permeate our thoughts and our attitudes, our words and our actions. May we allow the power of this most special worship experience on this very Holy Day take away any negative thoughts, any judgements, any fears or doubts, and allow each of us to simply bask in your Love, in the difference Easter makes in our lives, and to live more peacefully, knowing that your promises and your gifts are real.

Help us to understand that your gift of love to us is to make our lives feel more blessed, more embraced by you...always to know that you are with us...no matter what. We are not alone

Holy God...we thank you for this gift of Easter!

As we part from one another today, may **we** never leave you. You said, "Lo! I am with you always." On this Glorious Easter Day, may this be more **real** for each of us. And, prayerfully...may **WE** never leave you.

Amen
